

VENKATA KRISHNNAN

FWSA Student

PROFILE

A Full Stack Developer passionate about creating interactive applications and experience on the web. After completing my 12th standard in 2021, I joined freshworks software academy as a software development trainee. Here, I learnt a lot about coding, software development and communication. My strength is my confidence and I like to take responsibilities. I am also an Open minded person. In my free time, I like to explore new things and travel night..
